Negro Arrested Attempts to Escape.

Frank Brookins, colored, was arrested Tuesday night by Patrolman G. N. McKinney, on a warrant charging him with grand larceny and issued in Harrison county. It was charged that Brookins entered an L. and N. freight car at Cynthiana and carried away a case of whisky. The warrant against Brookins was sent to Paris Tuesday. The negro was employed at the plant of the Paris Ice Manufacturing Co., and Patrolman McKinney, together with Railroad Detective Mullins and Watchman James Burke went to the plant to make the arrest. Patrolman McKinney had received the information that the negro would take desperate chances to evade arrest and he stationed Burke and Mullins on the outside to be close in event he attempted to escape while the officer was on the inside.

Brookins submitted to arrest quietly and said he would go with the officer as soon as he got his coat. The officer accompanied him to the engine room, where he made a search for his coat, but it could not be found. Patrolman McKinney knowing the intentions of the negro were to make an effort to effect his escape kept a close watch on him, while walking towards the door leading to the platform at the plant.

As soon as he opened the door Brookins made a dash slamming the door with such force as to break a large window, the glass falling over the officer, who followed in close pursuit. However, Brookins ran into the arms of Detective Mullins who held him securely until Patrolman McKinney arrived. He was lodged in jail and taken to Cynthiana Wednesday morning by Jailer Joe Farris, who turned him over to the Harrison authorities.

Progressive Culture Club Meets.

The Progressive Culture Club met Wednesday afternoon at their rooms in the Elks Building to commence their study for the season of 1912 and 1913. The program for the year is "Travel in the Americas," and the first meeting was devoted to South America before its conquest by Spain.

Interesting papers on the Indian inhabitants were read by Mrs. Duncan Bell, whose subject was "The Civilization of the Incas." Mrs. Roy Clendenin's paper on "The Manners and Customs of the Incas" was read by Miss Sallie Daniels. Miss Clara Belle O'Neil discussed "The Rulers of the Incas," and Mrs. Robert Gogin's subject as "Religions and Temples." After the program the club members were entertained by the members of the Program committee. Mrs. Albert Morehead poured tea at a charmingly arranged table and she was assisted by Mrs. E. L. Harris and Mrs. Albert Hinton.

A very interesting program is arranged for next week, and the club is looking forward to a most successful year.

Now On Display.

Literary Club's Committee Named.

The Paris Literary Club held the first meeting of the year Wednesday afternoon at the club parlors on Pleasant street. There was a good attendance and the meeting was presided over by Mrs. J. T. Vansant, president of the club. Reports of the various committees were made by the chairmen and the report of the State federation which was held in Mammoth Cave last May was presented.

Mrs. Thomas Henry Clay, Jr., delegate from the local club, gave a full and interesting report which was supplemented by Miss Mary Fithian Hutchcraft, who spoke especially of the work of the Committee on Civil Service Reform. Mrs. Clay is the State Treasurer, elected to succeed Mrs. R. B. Hutchcraft, of Paris.

The subject for the club this year is "A Few English Speaking and Oriental Cities, Current Events." The following chairmen of the special committees as selected by the President are as follows:

Program—Miss Buckner, Mrs. W. O. Hinton, Mrs. John Davis, Mrs. W. O. Civic—Miss Simms, Mrs. W. G. McClintock, Miss Nancy Griffith. Education—Mrs. R. B. Hutchcraft, Mrs. F. P. Lowry.

Press—Miss Mary Fithian Hutchcraft, Mrs. Charlton Alexander, Mrs. Amos Turney, Jr.

Lecture—Mrs. W. G. Talbott, Miss Blanche Lillieston, Mrs. Wash Webb. Forestry—Mrs. R. C. Talbott. Civil Service Reform—Mrs. William Mayll.

Food Sanitation—Miss Mary Fithian Hutchcraft. Industrial and Child Labor—Mrs. James McClure.

Art—Mrs. F. P. Lowry.

Legislation—Mrs. E. F. Clay, Miss Anna May, Mrs. William Ardery.

Waterways—Mrs. Walter Payne, Mrs. J. S. Wilson, Mrs. Catesby Woodford, Jr.

Reception—Miss Winnie Williams, Mrs. Withers Davis, Mrs. W. O. Hinton and Mrs. Henry Clay.

TERMS.—Made known on day of sale.

J. C. JEFFERSON, Administrator

Also at the same time and place,

Saturday, Sept. 28th, 1912,

at 10 o'clock a. m., as agent for heirs of Rachael J. Chanslor and Isaac F. Chanslor, I will sell the

Farm, Consisting of About 137 Acres.

Said farm lies on the south of Millersburg, about one half mile from town on the east side of the Lexington and Maysville turnpike; the L. & N. railroad running along west side. This is one of the most desirable farms in the county. It has on it a two-story brick house, with new roof and is in good condition; a tobacco barn and warehouse, with plank floor and good tobacco screw; stable, corn crib, buggy house, chicken house, smoke house and splendid ice house, three cellars; also tenement house, two cabins, and the best spring in the county, and two other fields with never failing water.

This farm is well fenced and is in as good a neighborhood as anyone could wish, and can all be plowed. There is about 35 acres in corn and the rest in grass. Anyone wishing a home will make a great mistake if they don't attend this sale, as there is no better situation on the Lexington and Maysville turnpike, and is in one half mile of two of the best schools in the State, both male and female colleges and only 7 miles from Paris. It will be sold as a whole, or divided to suit purchasers.

TERMS.—Made known on day of sale.

J. C. JEFFERSON, Agent for Heirs.

Running up and down stairs, sweeping and bending over making beds will not make a woman healthy or beautiful. She must get out of doors, walk a mile or two every day and take Chamberlain's Tablets to improve her digestion and regulate her bowels. For sale by all dealers.

Glorious News.

comes from Dr. J. T. Curtiss, Dwight, Kas. He writes: "I not only have cured bad cases of eczema in my patients with Electric Bitters, but also cured myself by them of the same disease. I feel sure they will benefit any case of eczema." This shows what thousands have proved, that Electric Bitters is a most effective blood purifier. Its an excellent remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates kidneys liver and bowels, expels poisons, helps digestion, builds up the strength. Price 50 cents. Satisfaction guaranteed by Oberdorfer.

Food Value of Milk.

One quart of milk is equal in food value to three-fourths of a pound of lean round steak, eight eggs, six pounds of spinach, seven pounds of lettuce, four pounds of cabbage, two pounds of salt codfish, three pounds of fresh codfish, two pounds of chicken, four pounds of beef, five pounds of turnips, one-sixth of a pound of butter, one-third of a pound of wheat flour, one-third of a pound of cheese.

Repels Attack of Death.

"Five years ago two doctors told me I had only two years to live." This startling statement was made by Stillman Green, Malachite, Col. "They told me I would die of consumption. It was up to me then to try the best lung medicine and I began to use Dr. King's New Discovery. It was well I did, for today I am working and believe I owe my life to this great throat and lung cure that has cheated the grave of another victim." It is fully to suffer with coughs, colds or other throat and lung troubles now. Take the cure that's safest. Price 50 cents and \$1. Trial bottle free at Oberdorfer's.

Normal Education.

If education were normal, we would find it a wide, free, subtly adjusted system of transference of knowledge wherein each and all could delightfully bring their minds to be fed, life-long; and wherein those most gifted as teachers: i. e., most enjoying the active side of that transference, could delightfully do the feeding.—Gilman.

To Mothers and Others.

You can use Bucklen's Arnica Salve to cure children of eczema, rashes, tetter, chafings, scaly and crusted humors, as well as their accidental injuries—cuts, burns, bruises, etc., with perfect safety. Nothing else heals so quickly. For boils, ulcers, old running or fever sores or piles it has no equal. 25 cents at Oberdorfer's.

Smallest Book in the World.

The smallest book in the world is in the library of congress, always under lock and key. It is a copy of the Rubaiyat of Omar Khayyam. The tiny volume was made by Nathan Dale of Cleveland, O. It was photographed, each page separately. Four books of the same size would just cover a postage stamp. Three hundred of them would weigh a pound.

Hardly Satisfactory.

Glancing hastily down the pages of Tommy Jones' examination papers, the teacher's heart thrilled over Tommy's unexpectedly good showing, for not one of the questions remained unanswered. But upon subjecting the paper to a more careful perusal her pride in Tommy's proficiency had a fall. After seven of the ten questions Tommy had written politely: "I am sorry that this is a subject on which I have no information."

Awful Danger.

Two little children were playing in the bath tub, and the elder thought she saw a sudden danger. "Jump out, Mary!" she cried in great excitement, "Jump out this minute. The stopper's come out and you'll run down the pipe if you don't get out quick!"

Willow Jardinieres.

The jardinieres of willow which may be had in all sizes, come in the white as well as the soft green. These, when fitted with a metal lining, make artistic flower vases for the porch.

The Clay Industry.

The state of Ohio is still leading the country in the clay industry. The value of its clay products for the year of 1911 amounted to about one fifth of the total for the United States.

Pennsylvania, New Jersey and Illinois follow Ohio in the order named in a bulletin issued by the United States Geological Survey. The value of clay products in Ohio was \$32,663,895; in Pennsylvania, \$20,270,033; in New Jersey, \$18,178,228; in Illinois, \$14,333,011.

The production of all kinds of brick in the United States in 1911 was more than ten billions. The total production of common brick was 8,475,277,000, valued at \$49,835,262. Of this New York contributed the largest amount, 1,143,726,000; valued at \$5,918,286. Illinois was second in output with 1,074,486,000, but the product had the greater value of \$6,126,911. No other state reached the billion mark. The Geological Survey bulletin does not give the value of Kentucky's clay products, but in 1909 and 1910 Kentucky was fourteenth in rank as compared with other states, and the value of the 1910 production was \$2,567,537. The figures for 1911 should show a substantial gain, as the clay industry is making some progress in the State. Kentucky has a great variety of clays, ranging from the most ordinary to the most desirable kinds. A good deal of clay is mined and shipped out of the state and there are openings in many localities for the establishment of profitable clay working industries.

Abounding in resources of this kind from the Mississippi River to the Big Sandy the State should take a much higher rank in the clay industry than it now holds.

A Man of Men.

Measured in every way and judged from every standard, Governor Wilson completely fills the bill of a man who should occupy the high office of President of the greatest nation on earth. Capable, scholarly, courageous, safe and patriotic, he will make an ideal president whose single aim will be to obey the constitution and do the greatest number. His majority should be so large that it will serve lasting notice to the interests that this is the government of the people, by the people, and not of the people by the trusts.

The Young Idea.

Teacher—"What is a weather vane?" Pupil—"Why-why, it's a chicken on a roof."—Judge.

A Striking Comparison.

The difference in the cost of living in Detroit and just across the river in Windsor Canada supplies us with a striking definition of the real meaning of excessive tariff rates. Prices of foodstuffs wearing apparel and rents average from 20 to 25 per cent more in Detroit than in Windsor. And between the two cities there are but 2,561 feet of water—and the Payne-Aldrich tariff bill. The Detroit man is "protected," the Windsor man is not. By not being protected, the Windsor man pays \$15 for a suit of clothes that the Detroit man will find it difficult to duplicate in quality for \$25. What the Windsor man is escaping in this instance is the Aldrich-Payne tax of 44 cents a pound on good all wool clothes, and the additional tax of 60 per cent on the value of the goods.

Misleading.

The Republican campaign book contains the remarkable statement attributed to Theodore Justice, of Pennsylvania, that "in the textile trade the protective benefits of the tariff nearly all go to labor. The inaccuracy of this statement was abundantly demonstrated by the revelations incident to the Lawrence strike. In confirmation of this a writer in the Atlantic Magazine shows from the records that "a yard of men's worsted suiting was found by the tariff board to cost an American mill \$1.71 to place on the market. The rate of payment to the weaver on his cloth was ascertained to be only 5 cents a yard, but the present tariff duty is \$1.02." This is but one fact of many. Another equally impressive is that while the American Woolen company is declaring dividends upon millions of dollars of water, half the employees of that corporation receive less than \$10 a week in wages.

Governor Marshall.

It was real inspiration that caused the Baltimore Convention to place Governor Thomas R. Marshall on the ticket with Governor Wilson. As Governor of Indiana he has demonstrated his capacity and his public expressions before and after the nomination stamp him as a man that should be honored and trusted. The Governor is a firm believer that any system of government which enables one man to take advantage of another is not a system under which a Democratic condition of life can thrive, and his life time effort has been for a return to first principles.

No Tainted Money for Wilson

The announcement is made that the Steel Trust is backing Colonel Roosevelt. Other trusts are also contributing to his campaign, but the bulk of the trust money goes to Taft who signed the Payne-Aldrich robber tariff bill, and vetoed every effort of the Democratic Congress to mitigate in some degree its hardships.

There are no trusts, corporations or other doubtful concerns behind Governor Wilson, who has positively refused to accept any of their gifts. He is depending alone on the people to finance his campaign and he is not reckoning in vain. When he is elected President, as he seems sure to be and will if every Democrat does his duty, he will take the office free from any entanglement and be the president of the whole people. The prospect of such a change should fire the heart of every patriotic man to help in the accomplishment of so glorious an end.

Satire on Our College Youth.

Three boys from Yale, Princeton and Harvard were in a room when a lady entered (says Life). The Yale boy asked languidly if some fellow ought not to give a chair to the lady; the Princeton boy slowly brought one, and the Harvard boy deliberately sat down in it.

Pity the Poor Fat Person.

A fat French lady despairingly says: "I am so fat that I pray for a disappointment to make me thin, but no sooner does the disappointment come than the joy at the prospect of getting thin makes me fatter than ever."

Whole Difference Is Here.

"The difference between cleverness and ignorance is that the clever ones get what they want and don't waste time wanting what they can't get; and the fools cry for the moon."—"The Forest on the Hill," by Eden Phillpotts.

Lessons We Don't Forget.

Of have I thought—jabber as he will—how learned soever, a man knows nothing but what he has learned from experience.—Christopher Martin Wieland.

CONFIRMED PROOF.

Residents of Paris Cannot Doubt What Has Been Twice Proved.

In gratitude for relief from aches and pains of bad backs—from distressing kidney ills—thousands have publicly recommended Doan's Kidney Pills. Residents of Paris who so testified years ago, now say the results were permanent. This testimony doubly proves the worth of Doan's Kidney Pills to Paris kidney sufferers.

Mrs. J. T. Martin, Pleasant and Eleventh streets, Paris, Ky., says: "All I have ever said praising Doan's Kidney Pills was entirely correct and I confirm my former public endorsement of this remedy. It permanently cured me of kidney trouble. I suffered quite severely from pains across the small of my back and in my kidneys. The trouble alarmed me and I tried many medicines. I did not get relief, however, until I procured Doan's Kidney Pills at Wilson's drug store. They improved my condition in every way and I can certainly say that they are a preparation of merit."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

WOMAN'S TRIALS.

The burdens a woman has to carry through life are many but they can be lightened if she will turn to Dr. Pierce's Favorite Prescription. A soothing and strengthening nerve—subduing nervous excitability, prostration, hysteria, hot flashes and the many symptoms which may be caused by distressing ills peculiar to women. For those "dragging-down" pains or distress and for the derangements and irregularities the "Favorite Prescription" has had many thousands of testimonials from people living in every part of America. Another important thing to every woman is that this medicine is made from efficient medicinal roots without the use of alcohol, narcotics, or any injurious agents. Full list of ingredients given on bottle-wrapper and sworn to by Dr. R. V. Pierce—who is President of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. Every woman is invited to write to this Institute and receive confidential and sound medical advice, entirely without cost from one who makes the diseases of women his specialty.

MRS. MORRELL.

"I can cheerfully recommend your remedies, especially your 'Favorite Prescription' for all female disorders," writes Mrs. M. M. Morrell, of Bluff City, Tenn., Route 2. "During the past seven years I suffered from pains in the back and ovaries. Tried many remedies but found only transient relief until I was persuaded by a friend to try Dr. Pierce's Favorite Prescription. After giving this remedy a fair trial, I found that it would do just what it is recommended to do. I used in all seven bottles. I cannot speak too highly of Dr. Pierce's remedies for all female derangements."

Dr. Pierce's Pleasant Pellets regulate liver ills.

Burley Tobacco Growers Boost Your Own Brands

We, as you know, are using your choicest tobacco in the brands of Strater Bros. Branch, and you know that nobody grows better tobacco than you do. You know how we manufacture, so you know that these brands are perfection. Now we want you to help us sell these brands, this year even better than our best previous years. The reasons you should so help are as follows:

You Are Part Owner

The fact that you grow the tobacco makes you part owner of all these brands. Every time that one sells you profit. Every word that you say in favor of any helps to increase those sales. Every brand that you buy for your own use helps make those profits better. All our interests—your interests and ours—are pooled in these several tobaccos. It is just that you should bend all of your efforts, however small, in the selling.

The United Power of 40,000 Buyers

40,000 men in a section wield an enormous buying influence. If all ask for these brands when they buy tobacco there results a gigantic sale. And big sales are the best advertising known.

Smokers and chewers flock to brands that they see the most people buying. 40,000 steady users indirectly make 40,000 more. Get them for Strater Bros. Branch Brands—the brands that you grow for—by using these brands yourself.

Tell Every Friend

Tell your friends of these brands. Tell them what you know of the tobacco. Tell them you grow it and *smoke and chew* it yourself, so you *know*. Tell them it comes from Kentucky, from the center of the richest Burley sections. Let them know it's the cream of your crops and that they can buy these brands from "most any dealer, because dealers know that these brands are the best they can buy."

Burley growers should be Burley Boosters and the best way to boost is to BUY Burley—YOUR OWN BRANDS—YOURSELF.

To Dealers! Dealers throughout the United States know these famous tobaccos. They are Nation-wide sellers—popular brands. They are helping these growers to prosper. They are made from the pick of the famous crops of 40,000 growers. Every one of these growers is boosting them all. So are all of their friends. This method is bringing the profits to dealers—to those who sell these brands. Are they working for you? Here are the mild, fragrant smoking brands—GOLDEN GLOW—PENNY POST—FULL PAY. Here are the delicious chewing brands—INDEX—BY JOE TWIST—CUP—DAY'S WORK—ON THE SQUARE—TORCHLIGHT—STRATER'S NATURAL LEAF. Put them into your stock. See how they sell.

Don't Suffer!

"I had been troubled, a little, for nearly 7 years," writes Mrs. L. Fincher, in a letter from Peavy, Ala., "but I was not taken down, until March, when I went to bed and had to have a doctor. He did all he could for me, but I got no better. I hurt all over, and I could not rest. At last, I tried Cardui, and soon I began to improve. Now I am in very good health, and able to do all my housework."

TAKE The CARDUI Woman's Tonic

You may wonder why Cardui is so successful, after other remedies have failed. The answer is that Cardui is successful, because it is composed of scientific ingredients, that act curatively on the womanly system. It is a medicine for women, and for women only. It builds, strengthens, and restores weak and ailing women, to health and happiness.

If you suffer like Mrs. Fincher did, take Cardui. It will surely do for you, what it did for her. At all druggists.

DR. DOLLE'S MESSAGE TO MEN

YOU CAN BE CURED BY

Why Take Treatment That Is Doing You No Good, When a Few Days under the care of Dr. Dolle Will Show You How Easy It Is to Cure These Diseases When the Proper Treatment Is Administered.

Have you treated for months and years, and been disappointed until you think that you cannot be cured? You, no doubt, all this time have been treated by inexperienced doctors who had neither sufficient knowledge nor experience to know how to cure you.

These are the diseases of which I have cured so many, just by giving you the reputation for cures of which I am so proud.

Blood Diseases, Skin Diseases
I will give you treatment that will in a few days cure all rash, spots and every skin and system. My treatment gets the poison out of the system instead of driving it in like ordinary treatments. I cure blood diseases and skin diseases so they cannot come back.

Varicose Veins, causing aching or pain in groin or back, Nervousness, Weakness, Loss of Vitality, Lack of Ambition—
My combined treatment for these troubles so common among those who have become weak and worn out, who have caused it by folly, dissipation and excesses, is remarkably good. No one believes how quickly it benefits until they have taken it.

It overcomes weakness, nervousness, pain in back, lack of energy, ambition and strength—it's just the treatment I have found so effective in treating such diseases.

Kidney and Bladder Troubles are scientifically cured by me. My methods immediately benefit you, and the majority of cases I cure come from physicians and specialists who failed.

Piles, Fistulae—I can cure you so quickly and easily that you will be surprised. I will give you just the result and cure you are looking for without a surgical operation.

Acute Diseases—Itching, Burning, strong drug store remedies seldom cure. My treatment stops every symptom and cures in a few days. It is scientific—that's the only sure way to be cured so it will not come back.

You can take my Treatment without a cent and pay when I cure you. I can give you new life, new hope, and can restore you back to health and happiness. I know that every man will pay after I have eliminated every trace of disease from his system. Microscopic and analytical analysis FREE.

I have written a book that ought to be in the hands of every suffering man in this country. I will send you a copy, free, if you will write me at once the disease for which you desire treatment. Hours, 9 to 4; Sundays, 9 to 1 p. m. Evenings, 7 to 8 on Monday, Wednesday and Saturday nights.

HEAD DRESS A SYMBOL

MEANING IN ORNAMENT WORN BY THE RED MAN.

Significant to Friends and Enemies Was the Feathered Headgear So Proudly Worn by the Honored "Braves" of the Prairies.

Few ornaments worn by the Indians are purely decorative, as we are accustomed to believe. Almost every fantastic part of the "Brave's" garb, says the Boston Herald, was symbolic, and as such it was honored by the on-looker and esteemed by the proud possessor. Such was true especially of the feathered headgear known as the war bonnet. This ornament stood for the social relation, the interdependence, and was not directly connected with the supernatural, as were so many of the Indian's symbols.

With the Omahas, the materials required to make the bonnet were gathered by the man who wished to possess it, but its manufacture depended on the assistance of many persons. A sort of skull cap was made of dressed deerskin, with a flap hanging behind; a border of folded skin about the edge formed the foundation for the crown of golden eagle feathers, which were fastened so as to stand upright about the wearer's head. Each one of these feathers stood for a man; the tip of hair fastened to the feathers and painted red represented the man's scalplock. Before a feather could be fastened on the bonnet a man must count his honors which entitled him to wear the feather, and enabled him to prepare the feather for use in decorating the war bonnet.

When a warrior counted his honors, he held up the feather which was to represent them, saying: "In such a battle I did this," etc. At the conclusion of the recital the feather was handed to the man who was manufacturing the war bonnet, who then put the feather in its proper place. As many of these bonnets contained 50 or more feathers, and as each feather must have an honor counted upon it, and no honor could be counted twice, the manufacturer of a bonnet required several helpers and the task took considerable time—often several days. Strips of ermine, arranged to fall over the ears and cheeks, were fastened to the bonnet. The ermine represented alertness and skill in evading pursuit. A bird or some other symbolic object could be fastened on the crown of the skull cap. This object was generally some feature of the man's vision through which he believed he received supernatural aid in the time of need. Sometimes the flap was embroidered with porcupine work or painted with symbolic designs. Songs were sung during the making of the bonnet.

Before the advent of the horse among the Indian tribes the flap of the bonnet did not extend below the waist, thus avoiding interference while walking or the wearing of other ornaments; but after the horses became plentiful the flap was extended to a man's feet when standing; when the man was mounted it lay on the back of his horse. In former times a man could not deck his leggings or shirt with a fringe of hair except by consent of the warriors. Honors had to be counted on the strands of hair as on the feathers used in making the war bonnet, therefore each lock or tuft of the fringe stood for a war honor, and no honor could be counted twice. It was this custom that made garments of this character so highly valued. The hair for the fringe was generally furnished by the man's female relatives. Each of the locks forming the fringe was usually sewed in a heading of skin, frequently ornamented with quill work. The reason for the passing of these ancient and honorable decorations is obvious, since Uncle Sam has so rigorously forbidden war.

Passing of the Parlor.

Another sign of the times is the passing of the parlor and the making of the best room in the house the living room. Time was when the parlor was like a new suit of clothes, only to be used on special occasions. It was usually furnished with uncomfortable chairs that were covered up during the week and used on Sunday.

Times have changed, however, and people are furnishing rooms, instead of parlors. Here we find the piano and big, comfortable chairs that are ready for business all the time. Some of the big houses have the drawing room, but in the average home, the living room has taken the place of the parlor. It is only another sign that people are realizing the necessity of having a house furnished in real, homelike fashion.

Great Idea.

John, aged 7, was very fond of running with his younger brother through the ash pile near home. Their mother remonstrated in vain about their shoes until she hit on the plan of making the boys clean them, John one day and little Arthur the next. This seemed a great joke until John had actually puffed over the task through the best part of an hour. He stuck it out, putting a shine on the four little shoes; then he went to his mother with serious face and said: "Mother, I've got the idea. I won't ever run through the ashes any more—except on Arthur's day to clean!"

Uncle Pennywise Says.

I hate a man who goes around flashing a big wad of bills, and bragging that he didn't take a vacation.

Synopsis of Game Law.

Every hunter in Kentucky must have a State Hunter's License, except those who hunt on their own land or leased land or adjoining land.

Hunters must secure written permission to hunt on any land.

You cannot buy or sell game from states which prohibit same.

You may kill squirrels from June 15 to February 1.

You may kill wild duck from August 15 to April 1.

You may kill wild goose from August 15 to April 1.

You may kill woodcock from June 20 to February 1.

You may kill quail from November 15 to January 1.

You may kill doves from August 1 to February 1.

The sale of wild turkeys is prohibited. Quail or partridges must not be taken by net, snare, trap or box at any time.

No person or company shall ship wild turkey, pheasant, partridge, quail or goose, unless lawfully killed and in possession of a hunter.

Rabbits and squirrels must not be killed between September 15 and November 15, but rabbits can be taken with dogs at any time.

Much Required of Farmer Boy.

A farmer boy isn't considered of much account unless he can do the work of four ordinary men.—Exchange.

Lease Building for New Garage.

With a view of extensive advances in the automobile business the firm of Yerkes & Prichard has leased the storeroom on Main street known as the Benj. Perry stand and in a short time will convert it into a garage and machine shop.

The building will undergo many improvements and an addition in the rear of the present structure will be erected. The new addition will be utilized as a garage, while the space in front of the store will be used for a display room and a machine and repair shop will be installed in the rear. The owner of the building, Mr. J. A. Stern, will add a new front on the building and make the necessary improvements to meet the demands of his lessees and work will begin at the earliest possible date.

GENERAL NEWS.

William Marconi, of wireless fame, was injured in an automobile collision near Sepezia, Italy.

The Democratic organization in Kentucky hopes by October 1 to raise \$50,000 towards financing the national campaign.

Three men are believed to be dead and seven others injured from the collapse of walls of the new Alameda Hotel at Kansas City.

Postmaster General Hitchcock has called the postmasters of the five largest cities of the country to Washington to confer on plans for establishing the parcels post.

The Kentucky Court of Appeals has decided that the selling of sandwiches, bread and coffee is a work of necessity and therefore not a violation of the Sunday labor law.

With a triple split in the Republican party of Iowa it appears that Gov. Wilson will be able to overcome the majorities of Taft and Roosevelt and win that State's electoral vote.

By the terms of an alliance between the New York Central and Western Maryland railroads announced Tuesday coal from the Pittsburg district will be put into competition with fields in Kentucky and West Virginia.

State Insurance Rate Reduced.

A big reduction in insurance rates for the State of Kentucky has been ordered by the State Insurance Commission which has just made up its new schedule.

The Commission has decided on a general reduction of rates on all classes of dwellings, farm houses and their contents.

Nothing has been done regarding mercantile rates or special hazards; these come up later. The new rate will show a reduction throughout the State of about 25 per cent.

The State Board, composed of Chairman M. C. Clay, of Mt. Sterling; Ruby Laffoon, of Madisonville, and Newton O. Gray, of Eddyville, met in Louisville Friday night and conferred with representatives of the underwriters, and after going over the matter thoroughly, decided upon the new schedule.

City Official Draws Suspension.

Charged with violating the provisions of the city ordinance regulating the conduct of city officials, John Cain, City Street Superintendent, was suspended for a period of thirty days by the unanimous vote of the City Council at the meeting last night. The charges were preferred by Councilman William Kenney, who presented the affairs regarding the conduct of Cain, who it was alleged had been intoxicated several times since the passage of the ordinance prohibiting city officials from drinking and insubordination, and had been arrested a number of times on the former charge and pleading guilty in Police Court was fined.

A motion for his immediate dismissal from further service as a city official was made but was modified with a suspension, for the offense brought to the notice of the Board.

The Council passed an ordinance regulating the speed of automobiles and providing for the suppression of unnecessary noises produced by exhausts, siren and wildcat whistles, and an ordinance regulating traffic. The Board also passed an ordinance creating a Board of Commissioners for the W. W. Massie Hospital.

The bids for concrete work submitted by George Morat and Hicks & Denton were accepted, and the prices of both contractors being the same it was the unanimous opinion of the Board that the work should be evenly divided.

DEATHS.

SNYDER

—Mr. George W. Snyder, aged 81 years, died at his home in Mt. Sterling Wednesday morning after a week's illness with stomach and kidney trouble and the infirmities of age. Mr. Snyder was one of Montgomery county's oldest citizens. He was born in Bourbon county on October 28, 1831, and resided in Paris until the outbreak of the Civil War when he joined the Union army serving throughout the war in the 24th Kentucky Regiment and participating in the battle of Shiloh and other important engagements.

After the war Mr. Snyder settled on a farm in Montgomery county. He married Miss Rachel de Graffenreid, who survives him. One child was born to this union, Martin Snyder, who died in young manhood. He was an uncle of Mrs. Sidney Ardery, of this county.

For many years Mr. Snyder was a prosperous and well-to-do farmer, but was overcome by adversity and his fortune swept away. Mr. Snyder was a typical Kentucky gentleman of the old school, universally popular and respected. He had been a member of the Christian church for many years.

The remains were brought to Paris yesterday afternoon on the 3:30 L. & N. train and were taken directly to the Paris cemetery where the funeral services were conducted by Rev. W. E. Ellis.

STONE.

Miss Allie Crouch Stone, who has been ill at the Wilson Hospital in Maysville several weeks, died yesterday morning at 5:30 o'clock from pneumonia, due to abscess of the lungs.

Miss Stone, who was aged 24 years, was the daughter of Mr. J. D. Stone, of Alva, Oklahoma. For several years she has been making her home with Mr. and Mrs. Chas. Walls, at Little Rock. Mr. and Mrs. Walls were at her bedside when she died.

She was taken to the hospital in Maysville for treatment about two weeks ago and gradually grew weaker until yesterday morning when she passed away. The remains were taken to the home of her sister, Mrs. Will Willett, in Carlisle yesterday afternoon and will be brought to Paris this morning.

The funeral service will be held at the grave in the Paris cemetery this morning at 11:30 o'clock, conducted by Rev. Mr. Eldridge, of the Carlisle Christian church.

RHODES.

—J. Waller Rhodes, of Lexington, died yesterday morning at Frankfort shortly after 9 o'clock, having never rallied from the stroke of apoplexy received at 1 o'clock Wednesday. At five o'clock Wednesday afternoon he seemed considerably better, but two hours later began to grow worse and at eight o'clock the attending physicians decided to bleed him in order to relieve the pressure on the brain by the blood clot which had produced apoplexy and consequent paralysis. The taking of the blood did no good, however, and his condition gradually grew worse till he died yesterday morning.

Left Wedding Party Hungry.

When a wedding party returned from Merstham church to Chaldron, near Redhill, Surrey, England, the other day, they were dismayed to find no wedding cake or other materials for the luncheon. It was found that the motor lorry in which a London firm of caterers had sent the goods had been completely burned down on the road, and the wedding party accordingly had to go without.

The Standard Oil Company of New York does not deem it expedient to invade the territory of the Standard Oil Company of New Jersey, according to the testimony of City Sales Manager Howell of the former company.

William H. Bell, the young Pensacola, Fla., bank clerk, who confessed the theft of the \$5,000 package from the First National Bank of that city, was arraigned before a United States Commissioner Wednesday, who fixed his bail at \$5,000.

Reports of national banks in reserve cities show 40 per cent reduction of excessive loans as compared with the call of June 14.

MATRIMONIAL.

—Mr. John S. Holder and Miss Ethel Carter were united in marriage by Judge Denis Dundon Tuesday afternoon.

Cantrill Will Have Clear Field.

Congressman J. Campbell Cantrill, of the Seventh District, who has been nominated for re-election by the Democrats, will have no opposition for re-election in November. The Republicans made no nomination and it became too late for any party except the Progressives to make a nomination, a new party being afforded more time under the law.

At a meeting held in Lexington Tuesday by the Progressive Committee of this congressional district it was finally concluded not to nominate a candidate. The question of there being a candidate of any kind to oppose Mr. Cantrill for re-election is therefore effectually settled in the negative.

Nearly two weeks ago the Progressive Congressional District Committee met and nominated Henry T. Duncan against Mr. Cantrill, and as Mr. Duncan demurred he was urged to take the matter under consideration and give his final answer to the committee at a meeting of that body to be held in Lexington next Thursday.

Mr. Duncan, however, did not need so much time and last Saturday he publicly announced that he would not accept the nomination. Col. Noel Gaines, of Frankfort, also proclaimed that he would not accept the nomination if offered.

J. L. Earlywine, former postmaster of Paris, was willing to take the nomination but the committee at its meeting Tuesday, it is said, decided that they did not have the money to prosecute an active canvass for Congress and also that there was not the slightest chance to defeat Mr. Cantrill, and hence concluded it would be unwise to put up a candidate.

Six members of the committee and two holders of proxies were present as follows: J. D. McClintock, of Bourbon county; S. S. Offutt, of Scott county; A. B. Arnett, of Woodford county; Prentice O'Rear, of Franklin county; L. A. Ruekne, of Fayette county; C. E. Gibbens, of Clark county.

Will Stock Game Preserve.

As soon as the State Board of Forestry acquires land in Eastern Kentucky the Fish and Game Commission will prepare to utilize it as a big game preserve. The law creating the department provides for joint use and it is the purpose of the Forestry Department, as soon as possible to begin work of reforestation, though that is probably several months away. It is understood J. N. Camden stands ready to contribute several deer to the preserve, and the Fish and Game Department hopes in time to make the Kentucky mountains as attractive to big game hunters and as remunerative to the State and its citizens as the Maine woods and the Northwest country.

Option Election Monday.

The local option election will occur in Montgomery county Monday, September 30, and interest is waxing much warmer. The temperance people are holding nightly meetings in each precinct in the county and have had speakers from out of the state to assist them.

The anti-local option people are making a still hunt, but will make a fight, although not as hard as one as was made at the last election. The saloon people believe that the call for the election is illegal, and will appeal from the decision of the people should the county go dry.

No Soul Affinity Reason for Divorce.

A special from Milwaukee, Wis., says: "The nonexistence of a true soul affinity between husband and wife is given as the reason for a divorce asked by a former Louisville woman's testimony in Divorce Court here today."

"Declaring that a tacit understanding exists with her husband, Cave Ashbrook, a traveling salesman for the Patten Paint Company, that he is not to contest her divorce suit for the above reason, Mrs. Margaret J. Ashbrook appeared in Judge Rrit's court today to testify in the action, which she asked last week. She said that they discovered August 15 that it would be impossible for them to live in harmony. A stipulation by which Ashbrook agreed to pay his wife \$75 a month alimony was introduced in evidence."

"Asked by her attorneys to cite cases of cruelty and inhuman treatment, alleged in the complaint, Mrs. Ashbrook said that last spring her husband became provoked because they missed a street car and struck her with his traveling bag. On another occasion, she says, when they had just arrived here from Indianapolis, her husband failed to meet her at the hotel and when she remonstrated, struck her."

"The case was continued to Friday, when the manager of the Cudahy apartments, where the couple lived for two years, will be asked to testify. "Mrs. Ashbrook was a Miss Isrigg, of Louisville. Her father died a few years ago while touring in Europe. Ashbrook is a native of Paris, Ky., but his parents now live in Indianapolis."

Mr. Ashbrook, mentioned in the dispatch above, formerly lived in this city and was the son of Mr. John G. Ashbrook, who resided here for a number of years and who was engaged in the insurance business. He moved with his family to Indianapolis, and later located in Milwaukee.

Former Parisian Dies in West.

News of the death of John Knox Polk, formerly of Paris, was received by his brother, Mr. W. H. Polk, at Lexington, Wednesday night through a letter from his brother, Theodore Polk. His death occurred at Los Angeles, Calif., on July 27, and was due to heart disease. At the time of his death he was the Inspector for the Board of Public Works at Los Angeles. He had served in the Philippines as a member of the United States army.

Mr. Polk, who was aged 65 years, was a native of Woodford county. During the Civil War he was an employee of the Quartermaster's Department of the U. S. army at Lexington. After the war he came to Paris, where he acted as clerk in the Paris postoffice, which was then in charge of his brother, W. H. Polk, and later engaged in the shoe business with the late Mr. George Doehrer, and was located in the building now occupied by the jewelry firm of Shire & Fithian. He was next employed by a railroad construction firm in the building of the Knoxville branch of the L. & N.

Mr. Polk was for some time mourned as dead. He took part in the "Oklahoma rush," and during that time a man was found dead in a creek. His shirt bore the initials of Mr. Polk and his memorandum book was found in his pocket. In consequence it was reported that John K. Polk had been murdered. Government authorities investigated the affair, resulting in the arrest of one man in Denver who was tried for the crime and acquitted.

Many months after his supposed death Polk visited in Wichita, Kans., and when the Spanish-American war broke out he joined the army and went to Manila. His life was one of romantic adventure, and he rarely communicated with his kinsmen. He was a member of the Episcopal church of this city, and is well remembered by a number of our older citizens, and has a number of friends in the county, together with relatives, among them being the family of the late Matt Kenney, Miss Effie Polk, and Messrs. Davis, Howard and Percy Polk. The remains were interred in Los Angeles.

New Telephone Directory.

Manager H. H. Floyd, of the Cumberland Telephone and Telegraph Company, announces that the new telephone directory will soon be issued. The new list will be corrected up to October 15 and he states that all those who wish to make changes in their listings or to have their names placed in the new directory should communicate with him at once. Those who are contemplating installing telephones in their homes or offices should act promptly in order that their names may appear properly in the new directory.

Manager Floyd states that there will be a number of new names added to the list and that the growth of the exchange here is a strong indication of the progress of Paris.

Music at the Lexington Trots.

Visitors to the big Lexington Meeting the last few years will remember with pleasure the delightful entertainment furnished between heats by Weber's Prize Band of America. This musical organization will again be heard at the coming meeting, October 8 to 19. The reputation of Weber's Band is well known throughout the Central West, and even as far as the Pacific coast, and needs no introduction here. It is a rare privilege to listen to a program of popular hits and classical numbers rendered by it. These concerts are to be heard daily during the Trots. Every detail for making the meeting a social as well as sporting success has received the most careful attention. Lovers of good racing, good music, good people and good cheer will do well to read the advertisement in this issue, and make their arrangements to go by all means.

AN ORDINANCE!

Prescribing the Rules and Regulations to be Observed by Persons Driving Vehicles on the Streets of the City of Paris, Kentucky.

City Hall, Paris, Ky., Sept. 26, 1912.

Be it ordained by the Mayor and Board of Council of the city of Paris, Kentucky:

First. A vehicle meeting another shall pass to the right.

Second. A vehicle overtaking another shall pass to the left side of the overtaken vehicle and not pull to the right until entirely clear of it, and the vehicle being passed shall pull to the right as far as possible.

Third. A street or avenue with car track in the middle shall be considered as having but one roadway and a vehicle shall keep to the right of the center line, except when it is necessary to cross it to pass a vehicle ahead going in the same direction.

Fourth. A vehicle turning into another street to the right shall turn the corner as near the right hand curb as practical.

Fifth. A vehicle turning into a street to the left shall turn around the center of the intersection of the two streets.

Sixth. No vehicle shall stop with its left side to the curb on Main street between Second street and Tenth street.

Seventh. No vehicle unless in an emergency or to allow another vehicle to cross its pathway shall stop in any public street or highway except near the curb thereof and so as not to obstruct the crossing.

Eighth. No vehicle shall back to make a turn on Main street between Second street and Eleventh street, but shall go around the block or to a street sufficiently wide to make the turn without backing.

Any person violating the provisions of this ordinance shall upon conviction be fined not less than one dollar and not more than five dollars for each offense.

An Ordinance!

Regulating the Use and Speed of Automobiles and Other Motor Vehicles in the City of Paris, Kentucky.

City Hall, Paris, Ky., Sept. 26, 1912.

Section 1. Be it ordained by the Mayor and the Board of Council of the City of Paris, Kentucky, that any automobile, motor car or other vehicle propelled by steam, gasoline or electric power, shall not be propelled upon any of the streets, alleys or highways of the City of Paris, Ky., at a higher rate of speed than eight (8) miles per hour, and when going around any corner or passing any intersections of streets the rate of speed shall be reduced to not more than five (5) miles an hour.

Section II. That all automobiles and every motor vehicle propelled by steam, gasoline or electric power, shall be provided with a horn and that the driver of said motor vehicle shall be required, when going around any corner, in the City of Paris, cause the same to be sounded.

Section III. That all said motor vehicles shall carry during the period of sunset and sunrise, at least two lighted lamps showing white lights visible at least two hundred feet in the direction toward which it is proceeding.

Section IV. No part of the machinery of any motor vehicle shall be left running, while such vehicle is left standing, without an attendant.

Section V. The driver of said motor vehicle shall not within the limits of the City of Paris, Kentucky, sound any alarm by siren whistle or any such other whistle, but shall only use the horn as is hereinbefore set out.

Section VI. Every motor vehicle propelled by internal combustion engine when such vehicle is on any of the streets, roads, avenues, alleys or public places within the city limits shall when such engine is running, be equipped with a muffler or silencer through which all of the exhaust gases from the engine will escape into the atmosphere.

It shall be unlawful for the operator or driver of any motor vehicle to use any cut out fitting or other apparatus or any device which will allow the exhaust gases to escape into the atmosphere without passing through a muffler or silencer as described above, except in a case of emergency.

Any person violating any of the above provisions of the ordinance, shall upon conviction be fined the sum of not less than Five Dollars nor more than Twenty Dollars.

Section VII. No person shall drive a motor vehicle upon any of the streets, roads, avenues, alleys or public places within the city at a speed greater than is reasonable and proper having regard for the traffic and use of the highway or so as to endanger the life or limb or injure the property of another. Any person violating the provision of this section shall be considered guilty of the offense of reckless driving of a motor vehicle and shall upon conviction be fined not less than Twenty Dollars nor more than Fifty Dollars.

J. T. HINTON, Mayor.

Attest: J. W. Hayden, Clerk.

It is reported that Chairman Clapp of the Senate Committee investigating campaign contributions desires as witnesses former Speaker Cannon and Congressman McKinley to testify regarding an alleged conference with woolen mill men during the 1908 campaign.

Dickson, of Paris. The dining room was beautifully decorated in pink carnations, dahlias and ferns. The receiving room and hall were lovely in tasteful decorations of garden flowers, while the porch was decorated with potted ferns. Punch was served in the hall at a table presided over by Mrs. John Davis and Miss Mary Woodford. A string band of three pieces furnished exquisite music. Misses Ellen Towles, Irene Talbott and the Misses Crutcher assisted in the dining room where salad, ices, hot rolls, beaten biscuits, almonds, wafers and coffee were served the guests, fifty-five in number. The affair was very informal owing to the fact that the invitations were issued late.

Fall Festival a Grand Success.

Notwithstanding the fact that the most unfavorable conditions have existed since the opening of the Macca-bees Fall Festival Tuesday night, it has been a grand success in every particular, and with good weather today and tomorrow the promoting order as well as the carnival company should profit handsomely in a financial way.

Not in the history of the city has there ever been a better, cleaner or more satisfactory carnival company exhibited in Paris. The Krause Greater Shows comprise some of the very best ever witnessed in the city and those who have taken occasion to visit them have come away loud in their praise of the attractions.

Each and every show on the carnival grounds is a treat in itself—and there are many—all of them good. Mr. Krause is sustaining his reputation, acquired through long years in the carnival business and gave the people of Paris the finest line of attractions ever seen in this city.

While the crowds have been large at the carnival grounds, the number would have been increased had not the weather been so threatening. However, all of the attractions have been meeting with a very liberal patronage, and at almost every performance the capacity of each tent is taxed.

The free attractions offered are well up to the standard offered by larger carnival companies. Miss Elma Meier, who has daily been giving an exhibition of fancy swimming, has greatly pleased the crowds each afternoon and evening. The carnival will continue today and tomorrow.

10 Cents A Day

WE are bound and determined that every family in this community shall know, from experience, as we do, that the very foundation and basis of home happiness is a good stove or range.

THOUSANDS of families are in bad health from eating poorly-cooked food, others from living in rooms which are not properly heated and ventilated.

WE believe our general business will more than double as soon as we make it known that our goods are the best and most dependable that can be had. So we are going to inaugurate a sale of the largest and best line of stoves and ranges in the world upon a basis that will at once place a "Buck's" range or stove of some kind with every family—no matter what it costs us to do it. Here is the opportunity of a lifetime. If you don't take advantage of it, you alone are to blame.

OUR OFFER 10 CENTS A DAY

COME to our store and select any "BUCK'S" range or stove there. No matter what room in the house you want it for—no matter what fuel you want to burn (gas, coal or wood), no matter what price you want to pay, **WE HAVE IT.**

YOU may have one of these most durable, fuel-saving cookers or heaters set up in your house and guaranteed by us, and the makers, upon the payment of

10 Cents a Day

We know that Buck's Stoves & Ranges are by far the best goods of their kind in the world, and that they are not only the best bakers and heaters, but that they will outlast any other kind and save their cost in the amount of fuel saved.

This wonderful sale and opportunity will only last until our present special arrangement with the manufacturers are completed, so make your selection at once.

Just Think of It: Only 10c a Day.

Power to Do Good.

The increment that comes to any human faculty through use is the sweetest of all satisfactions to be got out of work—sweeter than material rewards, sweeter than the praise of one's fellows, sweeter than purchased ease. To feel that one is steadily growing in one's power to do good—there is deeper gladness in that, to an earnest soul, than in almost anything else this world affords.—Puncheon.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all druggists. Take Hall's Family Pills for constipation.

Dolls Stuffed With Fortunes.

The Bank of France destroys old notes by placing them in a vat and subjecting them to the action of certain corrosive acids. In a few moments the banknotes are reduced to pulp. This pulp is sold to toy makers, who use it for stuffing their less expensive dolls, so that the plaything of a child may be stuffed with what was once a fortune.

Few, if any, medicines, have met with the uniform success that has attended the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. The remarkable cures of colic and diarrhoea which it has effected in almost every neighborhood have given it a wide reputation. For sale by all dealers.

No Souls for Saving.

Souls are now practically extinct. One occasionally hears of them at revival meetings and the like, but they have entirely disappeared from cities, summer resorts, shopping districts, financial centers and, other places where humans are wont to gather habitually.—Life.

OLD VANDERBILT RURAL HOME

Little Place, Called "The Stream," Is
Leased by Millionaire's Wife
in England.

London.—Mrs. Alfred Vanderbilt, formerly Mrs. McKim, has been making extensive alterations to the house called "The Stream," at Betchworth, near Reigate, in Surrey, of which she took a seven years' lease last fall, a few months before her marriage to Alfred Vanderbilt. She is much attached to the place, although neither the house, which is a small one, nor the grounds, are particularly attractive. In fact, many of the people at Betchworth on learning that she had plenty of money said in amazement, "Whatever does she want to come to a hole like this for?" When she returned from her honeymoon almost her first remark was, "Oh! How glad I am to be back here again. Now I can rest and keep quiet." Since her return this sentiment has grown

Mrs. Vanderbilt's English Home.

stronger and she has bought the house and grounds.

Since winter many improvements have been made that were badly needed, for the dwelling had been empty for five years before she took it. An additional plot of land has been bought from the trustee of the previous tenant, an outside broker whose business fell upon evil days. A garage has been built capable of holding several cars.

Miss Ethel McCormick, who was Mrs. Vanderbilt's companion at the time of the marriage, still remains a close friend and is constantly at Betchworth. Some months ago, while she was being driven in a dog cart by Mrs. Vanderbilt from Reigate the horse bolted and upset both women and the groom, who was with them, out of the cart. The horse was a young one from Vanderbilt's stables at Hendon, and Manager Wilson has since had instructions to see that quieter horses are sent to Betchworth.

COLLIES TO HERD REINDEER

Uncle Sam Hires Blue-Blooded Scions
to Teach the Plebeian Canines
of Alaska.

Seattle, Wash.—Lass and Major, blue-blooded collies, who date their ancestry back to the coming of some Collie William the Conqueror to Bonnie Scotland, have been hired by Uncle Sam to educate the dogs of Alaska. Their particular field of activity will be instructing collies, shepherds and huskies of the wild north in the herding of government reindeer.

When the steamship St. Helens sails from this port Lass and Major as well as four other collies of less aristocratic strain will be passengers. They will be in charge of A. N. Evans, superintendent of the northwest district for the department of education. Among the places they will visit will be St. Michael, Teller and St. Lawrence island.

At the last local bench show Lass and Major took blue ribbons and special prizes against the field. They were purchased from Mrs. A. Stinson of this city recently, and Major made the transfer memorable by falling into the hands of the pound master. He was rescued from prison by W. T. Lopp, chief of the Alaskan division, department of education, very much soiled and worn out with his adventures about the city. At herding collies excel every breed of dog known to man, and Lass and Major, being almost intelligent enough to speak English, are expected to accomplish wonders with the native dogs of the north. Some doubt is expressed whether or not they will readily learn the Eskimo and Indian dialects of northern dogdom, but Mr. Lopp and Mr. Evans think that a short acquaintance in Alaska will make them proficient in tongues.

Policeman Prevents Suicide.
Chicago.—Had it not been for the prompt action of Policeman Charles Wilson of the North Halsted street station, Harry Meyer, 5139 South Morgan street, would have ended his life from suicide bridge in Lincoln park. The policeman arrested Meyer on a disorderly charge.

The implicit confidence that many people have in Chamberlain's Colic, Cholera and Diarrhoea Remedy is founded on their experience in the use of that remedy and their knowledge of the many remarkable cures of colic, diarrhoea and dysentery that it has effected. For sale by all dealers.

.22 REPEATER

Sure Safe Shooting for Man or Boy—
And a Simple Rifle to Care For

The Remington-UMC .22 Repeater is rifled, sighted and tested for accuracy by expert gunsmiths. It shoots as you hold. The simple, improved safety device on every Remington-UMC .22 repeater never fails to work. Accidental discharge is impossible.

The Remington-UMC .22 Repeater is easily cared for. In taking down, your fingers are your only tools. The breech block, firing pin and extractor, come out in one piece—permitting the barrel to be cleaned from the breech.

The action handles .22 short, .22 long or .22 long rifle cartridges—any or all at the same time without adjustment.

You Want the Best— Not the Cheapest

Flanders "20" Roadster, \$750

Don't be alarmed if somebody tells you you can buy an automobile for less money than the \$750 Studebaker-Flanders "20." You can, but you better not. The Flanders "20" corresponds point by point with the best and highest priced cars sold. Cheaper cars at every vital point are built on ideas long ago discarded for good cars. Don't take our word for it. Make comparisons and see.

The Studebaker-Flanders "20" is a marvel—a high grade modern car at a low price. If you pay less you buy much less. And the cheaper car today will cost you far more in the long run. The competing car isn't sold which the Studebaker Corporation, the greatest automobile manufacturers in the world, couldn't reproduce for less money; but we won't build a cheap car, because the name "Studebaker" means the best for your money.

If you are content with a car that runs today and dies tomorrow, don't buy the \$750 Flanders "20." It will wear for years. Remember this—the Studebaker-Flanders "20" will outwear 2 to 1 any other car under \$1100 and give you double satisfaction, confidence and comfort into the bargain.

We can prove it—Send for new catalogue

MILLERSBURG ITEMS.

The Ebenezer Presbytery of the Southern Presbyterian church opened at the First Presbyterian church Tuesday evening at 7:30. Several of the ministers and elders arrived on the various trains of Tuesday, though many did not get in until Wednesday. The absence of the venerable Dr. H. M. Scudder, of Carlisle, who died within the past year, was conspicuous. He was for many years clerk of the Presbytery and a familiar figure on the floor every time this body met for the past half century. A fairly good audience was present at the opening meeting.

A musical program with Miss Lucille Dailey presiding at the organ was good. The sermon was preached by the Rev. H. M. Moore, pastor of the Madison street church, at Covington. Mr. Moore is a new minister in the Presbytery, having been recently installed. His sermon was logical, instructive and entertaining, taking as a basis of his thought "Life is a Privilege," which was ably handled.

At the close of the sermon Mr. Marshall McKnight, of Washington, Ky., took the chair as Moderator. The roll-call showed quite a number of ministers and delegates absent, who, however, arrived Wednesday morning. The selection of Moderator was then in order. Dr. Cowan, of Augusta, placed in nomination Dr. Moore, of Covington. There being no other nomination Mr. Moore's nomination was made unanimous. He accepted the charge in an appropriate brief address. The order of program was then briefly discussed. The Presbytery then took a recess until 9 p. m., Thursday, as Wednesday was to be devoted to laymen's work. The ladies' missionary meeting of the Ebenezer Presbytery, which is being held in conjunction with the Presbytery, opened Wednesday at 10:30 a. m., a fair audience being present. The devotional exercises opened on time, presided over by Dr. H. M. Moore, of Covington. Rev. R. S. Sanders, of the local church, then introduced Mr. M. P. Collier, an officer of his church, who delivered the address of welcome to the conference. His address occupied about ten minutes, and was enjoyed by all who heard it. He caught the audience in the beginning by a few timely illustrations. Among other things he said he was glad to welcome this body of Presbyterians. In this age of Presbyterians that some of the greatest men in all walks of life were Presbyterians. The Governor of Kentucky is a Presbyterian, as is some of its greatest orators.

After this address the conference was then organized. Mr. J. B. Noyes, of Maysville, was elected chairman, and Mr. Horace Taylor of Carlisle, secretary. Then followed the enrollment of delegates after which Dr. H. H. Sweets, of Louisville, preached the conference sermon, taking as the subject of his thought "Andrew the Brother of Simon Peter," picturing how Andrew had found Jesus, and how as a quiet man he had gone in and out of the presence of the Saviour. The Presbyterian church, he said, had always advocated higher education, as some of the best school and academies of the country were in the Presbyterian church; and the Presbyterian preachers had to be educated men. He said there was no reason when a church was without a pastor, why an elder should not go to the altar, read a chapter, pray, and read a sermon if he did not have anything in person to say, and go from the multitude in that humble way as Andrew had done. A trend of his thought was the making of much of the so-called little things in life.

At 12:15 noon the conference took a recess until 2:30 p. m. The musical program in the morning was good, with Miss Lucille Dailey presiding at the organ, assisted by a well trained choir. The following is a partial list of the ministers and delegates present: Chief Justice J. B. Hobson, Frankfort; T. T. Forman, Lexington; E. O. Dorsey, Carlisle; Rev. R. L. Benn and J. B. Noyes, Maysville; Dr. B. M. Shive, Paris; Thos. Marshall and Mr. Howe, Elizaville; Mr. W. W. Norton and Rev. Dr. Boggs, Catlettsburg; Mr. Garrett Weathers, Clintonville; Messrs. Kearns and Weaver, Moorefield; Rev. R. M. Caldwell, Moorefield; Rev. Herbert Moore, Covington; Rev. J. C. Cowan and Mr. Milner, Augusta; Mr. Tadlock and Mr. Grundy, Sharon; J. D. Biggs, Riverton; Mr. McKnight, Washington; Dr. W. W. Evans, Walton; S. H. Crutcher, Crittenden; Horace Taylor, Carlisle; Mr. Ben Caldwell, Moorefield.

The Ebenezer Presbytery was called to order Thursday at 9 a. m. with moderator H. M. Moore, of Covington, in the chair. After the reading of the record a number of communications were read by the clerk, most of them from the general assembly, asking for minor changes in the constitution of faith. A communication was read from Rev. J. B. Tadlock, who was compelled to retire from the ministry in the Presbytery on account of bad health and is now in Virginia. Dr. Cowan, of Augusta, asked that the relationship between him and the Augusta church be dissolved. The matter was laid over until the afternoon session. At 10:30 the Presbytery took a recess until 11 o'clock, at which time Dr. Cowan, of Augusta, preached an able sermon, at the close of which the Sacrament of the Lord's Supper was taken. Dr. Shive, of Paris, presiding. At noon an elaborate lunch was served in the basement of the church to the Presbytery, local congregation and other visitors. The following is an additional list of visitors: Rev. and Mrs. Logan Moorefield, with Rev. Sanders; Mr. W. L. Piper, of Carlisle, with Mr. A. F. Moffett; Mr. Ennis Ross, of Carlisle, with Mrs. E. N. Ingles; Mr. and Mrs. W. G. McClintock, of Paris, with Mrs. M. P. Collier; Mrs. Sallie Neel, of Paris, with Mrs. M. J. Caldwell; Judge Denis Dundon, of Paris, and Mr. W. P. Mitchell, of Paris, with Squire E. P. Thompson.

The Laymen's Conference of the Ebenezer Presbytery, which was in session here Wednesday in conjunction with the Presbytery, was called to order Wednesday at 2:30 p. m. with Chairman J. B. Noyes, of Maysville, in the chair. The work of the afternoon consisted of four interesting addresses by Elder I. L. Pyle, of Vanceburg, Rev. B. M. Shive, of Paris, Elder T. T. Forman, of Lexington, and

Rev. H. H. Sweets, of Louisville. Following this short address were made by Rev. Benn, of Maysville, and Mr. D. D. McIntyre, of Millersburg. An elaborate banquet was served by the ladies of the congregation at close of which Rev. B. S. Saunders of the local church, acting as toastmaster, called on the following for responses: Dr. H. M. Moore, of Covington, Dr. Cowan, of Augusta, Dr. C. C. Fisher, of Millersburg, Hon. Claude M. Thomas, of Paris, who was scheduled as the principal after-dinner orator, was unavoidably prevented from being present. Rev. J. D. Redd, pastor of the Methodist Church at Millersburg, was then introduced. His address was good abounding in humor, paying a glowing tribute to the work of this conference, and also to their festive board. The last response was by Rev. H. H. Sweets, of Louisville. Chief Justice J. B. Hobson, of Kentucky Court of Appeals, delivered the address of the evening to a large and interesting audience. At the close of his address, business of a minor character was transacted. The conference adjourned at 9:50.

Amity Lodge No. 40 F. and A. M., met Monday evening, Sept. 23, at 6 p. m., in called communication for the purpose of conferring the Fellowship degree on Mr. W. S. Judy and Master Mason's degree on Mr. Robert Hughes. The second degree work was done by Mr. J. B. Cray, W. M., pro tem, and the third degree work by Mr. M. P. Collier, acting Master of the lodge. A large crowd was present and the work was well put on. During recess sandwiches and two-year-old ham, pickles and coffee were served, which was enjoyed by all who were present.

Dr. W. G. Dailey is somewhat improved. Mr. G. W. Bramblett is quite ill from gall stones.

Cadet Pusham, of Danville, has entered school at the M. M. I.

Mr. and Mrs. S. C. Blackell, of Carlisle, are guests of Mrs. Foster.

Mr. C. D. Tackett opened his butcher shop on Fifth street Wednesday.

Mr. William Linville, of Paris, is a guest of the Mitchell boarding house.

Mrs. Berry Bedford, of Lexington, is the guest of her sisters, the Misses Chanslor.

Miss Nannie Barbee, of Danville, was the guest of her sister, Mrs. Sallie Best, last week.

Mrs. Thos. Wilson, of Robertson Station, is the guest of her sisters, the Misses Chanslor.

Mrs. Turner Perry, of Owingsville, is the guest of her parents, Mr. and Mrs. Thos. McClintock.

Mrs. B. F. Goodman, of Paris, spent Tuesday and Wednesday with her parents, Mr. and Mrs. Jas. McNamara.

Mrs. G. W. Judy, of Lexington, is at the bedside of her aunt, Miss Bettie F. Vimont, who has been quite ill with neuralgia of the heart.

Rev. Lee Tinsley, of Morristown, Ind., preached at the Christian church Thursday night and will preach again Friday night. All who heard him on Thursday night were favorably impressed.

Rally day, Sunday, September 29, at the Presbyterian Sunday school. Special exercises and collection for Sunday School extension. All Sunday school pupils, members of the church and the members of the home department of the Sunday school are requested to be present.

Plan for Perry Centennial.

Tentative plans for Louisville's share in the Perry victory centennial celebration next year and initial steps toward the organization of the Kentucky Perry Celebration Association, to have charge of Kentucky's observance of the centennial, were made last week.

Indications are that the celebration will be carried out on a more gigantic scale than anything ever undertaken in Louisville. Due credit is being accorded Kentucky by the Perry Centennial Commissioners for her part in the war of 1812, and that they looked especially to this state to take a large part in the celebration. The Perry centennial, rather than being a recognition of a great victory, was to be a peace celebration, in which all the English speaking countries would participate.

The whole week will be a round of industrial, educational and historical pageants. Newport, Lexington, Harrodsburg, Frankfort, Paris, Danville and other Kentucky cities will have a part in these parades and the Kentucky Historical Society and similar organizations will be invited to have a museum in the city during the week. The museum was planned to be open to the public. The battle of Lake Erie will be reproduced.

Jim Crow Law Upheld.

Affirming the judgment of the Shelby Circuit Court in the case of the Chesapeake and Ohio Railroad Company against the Commonwealth, Railroad Commissioner Clay Friday wrote the opinion of the Appellate Court upholding the Jim Crow law in this state in fining the railroad company \$500 for permitting blacks and whites to ride in the same coach.

The principal evidence in the case was given by Judge James H. Polsgrove and Attorney Leslie W. Morris, who testified that the train on which the Jim Crow law was violated was a special sent out from Lexington January 30, 1911, in which black passengers were permitted to sit in the same coach with white passengers.

No signs, they said, designated compartments for whites and blacks, and that a number of negroes smoked cigarettes in the presence of white women in the coach.

Will Receive Trophy Next Spring

The Blue Grass League Pennant for 1912 will be formally presented to the Senators at the opening of the next season. At a meeting of the league directors held in Frankfort Wednesday the honors were awarded the Senators. All of the clubs in the league were represented excepting Richmond and Lexington. The meeting was called to order by President Neal but no other business was transacted. Another meeting will be held in October. It is said there will be something interesting to the clubs and fans. According to President Neal the Blue Grass League will come back to its own next season.

The past season was a bad one for baseball all over the country and the Bluegrass suffered along with the others. The Paris club is in debt, but with a good team to begin with next year, the fans will accord it a hearty support and there should be no reason for it not paying out and lay a neat sum away.

"Lefty" Weisman, late of the Rivermen, pitched against the Chicago White Sox at St. Louis, Wednesday, letting his opponents down with one hit and winning this game by a score of 12 to 0. He struck out five men and gave one pass.

The play for the baseball championship of the world will begin in New York, October 8, between the New York Nationals and the Boston Americans.

Old Fortification Sold.

At a Dublin auction mart the martello tower on the island of Shenick, near Skerries, was recently sold. The monument to the old style of resisting invasion was disposed of for a good price, but the name of the purchaser was not disclosed.

"Louisiana Lou" at Lexington.

Miss Cecelia Noasio, one of the best of American singing and dancing soubrettes and ingenues, will have the dainty title part in "Louisiana Lou" when, on next Monday matinee and night that successful musical comedy by Addison Burkhardt, Frederick Donaghey and Ben M. Jerome is given at the Lexington Opera House.

Miss Noasio is one of two sisters of the same name, who have come rapidly forward in the last four seasons in both comic opera and musical comedy. The other Noasio girl is Angelina, who is now singing, dancing and acting as the wily Japanese girl, Koo-Li, in "The Girl at the Gate," in the La Salle Opera House, Chicago.

The two Noasios have been co-members of the companies headed by, respectively, Fritz Scheff and Grace von Stoddard. One summer for experience, they joined a weekly change repertoire company, and in that way got an acquaintance with nearly all the soubrette and ingenue parts in the standard comic operas. Seat sale opens today.

Agent's Act Binds Company.

The Court of Appeals affirmed the judgment of the Lincoln Circuit Court in the case of the Kentucky Growers' Insurance Company vs. H. H. Logan, et al. The suit originated over the insurance on Logan's boarding house, which burned down. Logan had \$2,000 fire and tornado insurance on the building, and, later, before the house burned, took out \$1,200 in another company.

The Kentucky Growers contended that this had not been done with its knowledge or consent and has rendered its policy void by its own terms. Logan said the agent of the company advised him to take out more insurance, and the issue raised was whether or not this was binding on the company. The court held that it was.

STOCK, CROP AND FARM NOTES.

—Richmond will have a poultry exhibit the first week in December.

—Mule buyers from the South have been scouring Kentucky and Indiana for suckling mule colts, but they report them to be scarce.

—All former records for cattle at the Kansas City stock yards were broken Tuesday morning when 16 head of steers sold at \$10.90 per hundred pounds.

—Snow falling in the Northwest damaged uncut corn and flax and thousands of harvest hands, it is said, left North Dakota because the weather was so cold.

—Mr. E. R. Little, of Mt. Sterling, has sold his pacing mare, Wyetta, to J. G. Cecil, of Danville. While the price was not made public it is said to be a good one.

—James B. Parks, of Madison county, sold last week to Jonas Weil 100 head of 1,600 pound cattle at 9 cents for delivery November 1. This is a record price for Madison cattle.

—Mat Cohen, of Lexington, who is exhibiting at the St. Louis Horse Show, Wednesday, won the novel race with Bourbon Star over several contestants. Bourbon Star is by Bourbon King, dam Ella Rodman, by Chester Dare.

—Mr. J. J. Disher, living near Sardis, Mason county, has sold his crop of tobacco, containing about eight thousand pounds to R. O. Chambers at 10 3-4 cents per pound. This is the first crop of tobacco in the field that has been reported sold in Mason county this season.

—Flemingsburg Court — Monday there was a good crowd in Flemingsburg and a big lot of cattle, also many mule colts and some sheep. About 1500 cattle on the market and 1,600 sold at prices 25 to 50 cents lower than last court. A good many mule colts were offered but there were no foreign buyers and the market was dull.

—Entries in all events in the \$85,000 trotting meeting, beginning October 8, closed today with the largest list on record here. The \$1,000 Kentucky Futurity has brought out a great field. It was announced that Ulian 1-5 3-4, recently brought back from Europe, and the Harvester 2-01, both owned by C. K. G. Billings, of Cleveland, will go for the new records.

—A Georgetown youth has started a new industry in that section—a peanut farm, which might mean hundreds of dollars to ambitious boys all over the State. Conceiving the idea that peanuts might prove a lucrative product, Silas Jenkins 13 years old, took his little Shetland pony and harrowed and plowed a half acre of ground on the back lot of his father's home. It took just a bushel of the nuts as seed, and the result is eighteen bushels of "the great circus fruit."

—As far as the weather will permit the growers of Bourbon county are rushing their tobacco into the houses this week for fear of frost. The cold weather, together with light showers is causing all of the producers who have not housed their tobacco, much apprehension. Much of the weed is too green to cut and full one third of the total crop of Bourbon is standing in the fields. The rains have started it to growing again and unless the next week affords seasonable weather for cutting and housing the remainder of the crop there is likely to be considerable loss from frost.

—Corn cutting in this county is in progress and many fields have been laid low by the knife. Farmers are taking every opportunity to lay by a quantity of feed for the winter and during the summer a number of silos have gone up. These are being filled with corn which provides an excellent feed for stock in winter, easily accessible doing away with much labor on the farm during the cold winter and upon which stock thrives wonderfully. The silo is becoming very popular among the farmers of Bourbon county and the number was more than doubled the past summer.

—By the co-operation of the United States Government and the State of Kentucky, through the College of Agriculture of the State University, plans have been perfected by which a system of instruction in agriculture can be established in each county and the farmers be taught modern methods without leaving their homes.

It is sought to put the system of agricultural instruction practically on the basis of the present public school system, and each county can have a agricultural instructor who will devote his attention exclusively to that county, and each group of twelve counties will have a supervisor to whom the instructors report and the supervisors will in turn report through one of the three main divisions into which the work has been divided to the director of agricultural extension at the College of Agriculture at State University.
